

25 June 2026

Dear Parent / Guardian

School Closure – extended to Friday 26 June

As the red alert for this area has now been extended to include tomorrow, all Maiden Erlegh Trust schools will remain closed on Friday 26 June.

As on previous days, students are expected to engage in remote learning. Work will be set for all students via their Google Classrooms. There will be a year group assembly tomorrow at 9am which all students are expected to attend. The google meet for this can be found in the year group google classroom and will also be shared on class charts.

Tesco e-vouchers are being arranged once again to cover the closure period on Friday for students entitled to Free School Meals.

We appreciate the inconvenience that short-notice school closures may cause for parents; however, the health and safety of our students and staff must remain our top priority.

The weather for next week looks much more manageable, and we will return to normal opening hours, along with our standard summer uniform expectations.

Wishing you all a safe weekend – Reading Council have put together a list of ‘Cool Spaces’ in the area to help people in this heat. [You can see the list by clicking here.](#)

Yours sincerely

Mrs S Gibbs
Headteacher
